Website Project Proposal

Paws with Hope Animal Centre

1. Organization overview

History:

The organization was established in 2021 by a group of volunteers passionate about animal welfare. It started as a small foster network and has grown into a recognized community initiative working with local veterinarians and animal shelters.

Mission and vision

To rescue, rehabilitate, and give homes to abandoned and abused animals while promoting responsible pet ownership in our communities.

Target Audience:

- Individuals and families looking to adopt pets
- Volunteers interested in animal welfare
- Donors who want to support rescue efforts
- Community members seeking pet care information

2. Website Goals and Objectives

- Increase the number of successful pet adoptions
- Provide clear and accessible information

- Encourage donations and volunteer participation
- Improve the organization's online presence

2.1. Key Performance Indicators (KPIs)

- Number of adoption applications submitted
- Monthly website traffic
- Number of donations received online
- Volunteer registrations

3. Current Website Analysis

Currently, the organization does not have an official website.

Weaknesses:

- No central information platform
- Limited reach beyond social media
- Difficult navigation of information

Areas for Improvement:

- Develop a structured and professional website
- Provide organized and easily accessible content
- Enable online forms for adoption and volunteering

4. Proposed Website Features and Functionality

The website will include the following pages:

- Homepage: Overview and featured animals
- About Us: Organization background, mission, and team
- Adopt a Pet: Listings with images, descriptions, and application options
- Donations Page: Secure online donation options
- Contact Page: Contact form and details
- Volunteer Section: Sign-up form for volunteers

5. Design and User Experience

Color Scheme:

- Green which will represent care and nature
- White (clean and simple)
- Brown (warm and friendly tone)

Typography:

- Headings: Bold sans-serif (e.g. Arial or Roboto)
- Body text: Simple and readable fonts

Layout and Design Approach:

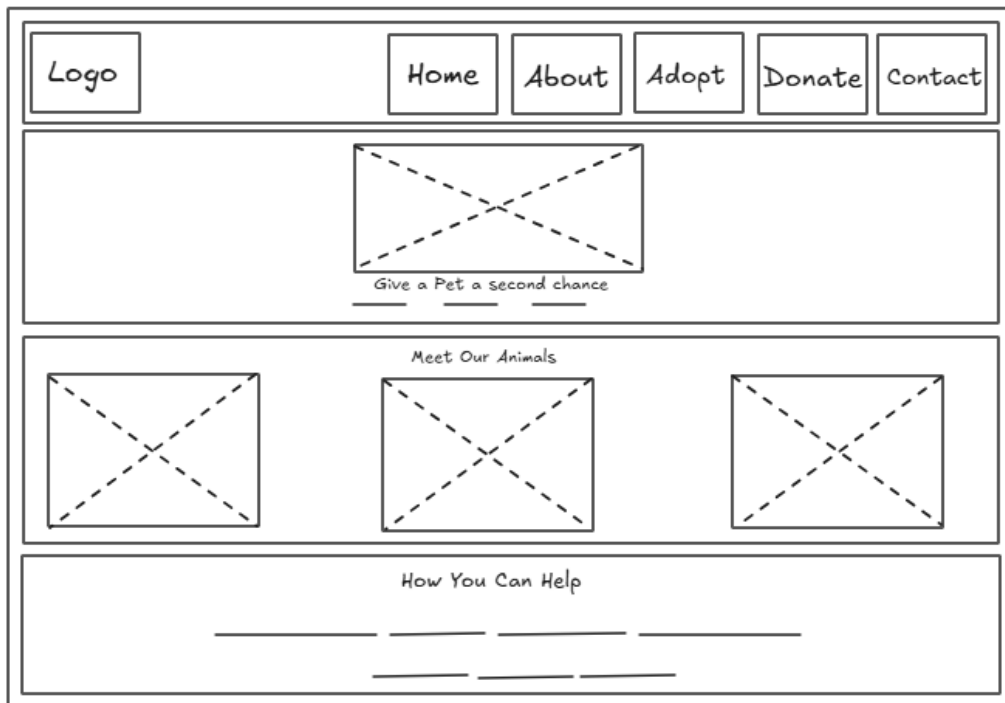

- Clean and modern design
- Image-focused layout
- Clear navigation menu

User Experience Considerations:

- Easy navigation across pages

- Fast loading speed
- Clear call-to-action buttons (Adopt, Donate, Volunteer)
- Mobile responsiveness

Wireframes for the design ideas

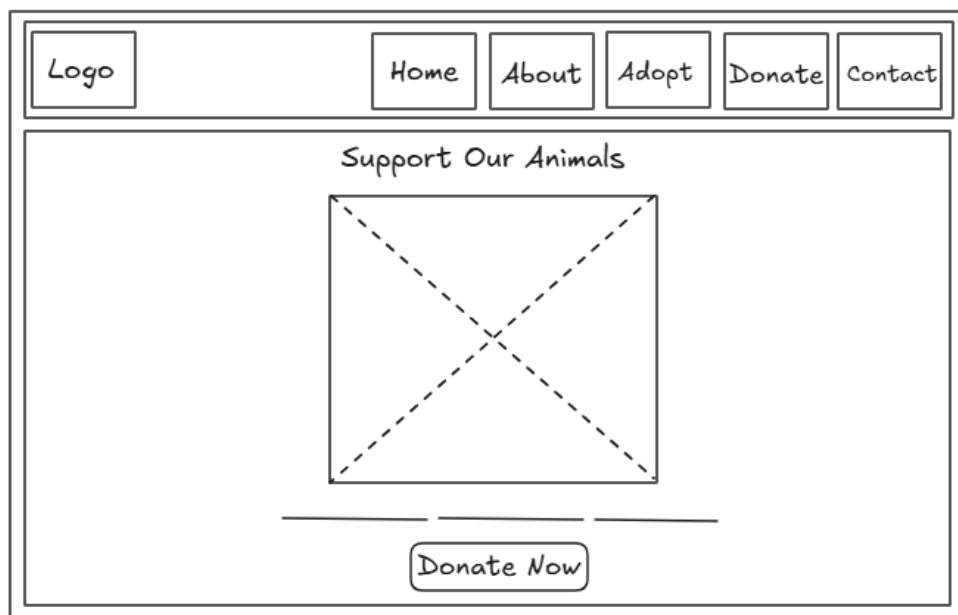

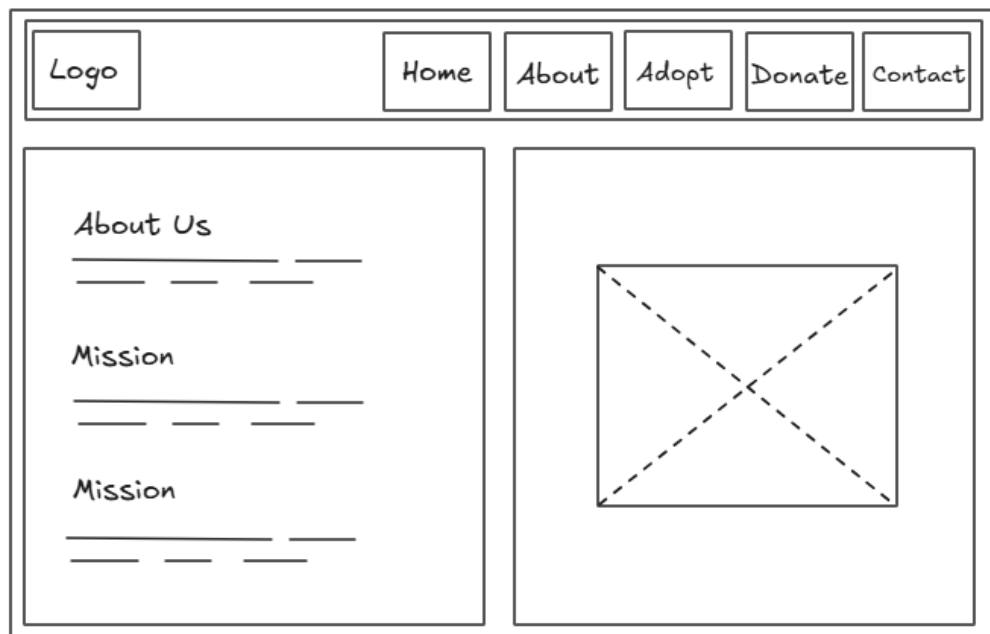

Figure 1.2: Wireframes of the Home, Donate, About pages

6. Technical Requirements

- Domain: www.pawswithhope.org.za
- Hosting: Shared hosting (e.g., Afrihost)
- Technologies: HTML, CSS, JavaScript

7. Timeline

We are assigned a month to complete the project

- Week 1: Research and planning combined with wireframe and design
- Week 2 to 3: Website development
- Week 3–4: Testing and improvement
- Week 4: Final submission

7.1. Milestones

- Choosing an organization and identifying target audience
- Decide on color scheme and typography
- Submit proposal
- Plan layout and navigation structure

8. Budget

- Domain registration: +/- R150/year
- Hosting: +/- R1,200/year
- Development cost: +/- R5,000 (once-off)
- Maintenance: +/- R500/year

Total Estimated Budget: +/- R6,850
