Website Project Proposal 2:

Royal Crust Bakery

1. Organization Overview

Name:

Royal Crust Bakery

History:

Royal Crust Bakery was established in 2020 as a small home-based baking business. Due to high demand and positive customer feedback, it expanded into a physical storefront serving the local community.

Mission:

To provide fresh, high-quality baked goods made with love and care for every customer.

Vision:

To become a trusted and loved bakery brand known for quality, freshness, and customer satisfaction.

Target Audience:

- Local customers
- Families ordering cakes for events
- Schools and offices ordering bulk baked goods
- Event planners

2. Website Goals and Objectives

Goals:

- Increase bakery sales and online orders
- Improve customer convenience
- Showcase full product range
- Attract new customers

KPIs:

- Number of online order enquiries
- Website traffic per month
- Number of repeat customers

- Product page views

3. Current Website Analysis

The bakery currently does not have an official website.

Weaknesses:

- No online product catalogue
- Orders handled manually
- Limited visibility online

Improvements Needed:

- Product display with images and prices
- Online order/enquiry form
- Clear contact and location details

4. Proposed Website Features and functionality

- Homepage: Featured products and promotions
- About Us Page: Bakery story and mission
- Products Page: Cakes, bread, pastries, etc.
- Order Page: Online order form
- Gallery Page: Images of baked goods
- Contact Page: Location, phone, email

Extra Features (Maybe):

- Special cake order section
- Daily specials banner
- Mobile-friendly design

5. Design and User Experience

Color Scheme:

- Cream (warm bakery feel)
- Brown (bread/chocolate theme)
- Soft pink or gold (sweet and elegant look)

Layout:

- Image-heavy design
- Simple navigation menu
- Product grid layout

UX Considerations:

- Easy ordering process
- Clear pricing display
- Fast loading pages
- Mobile responsiveness

Wireframes for the design ideas

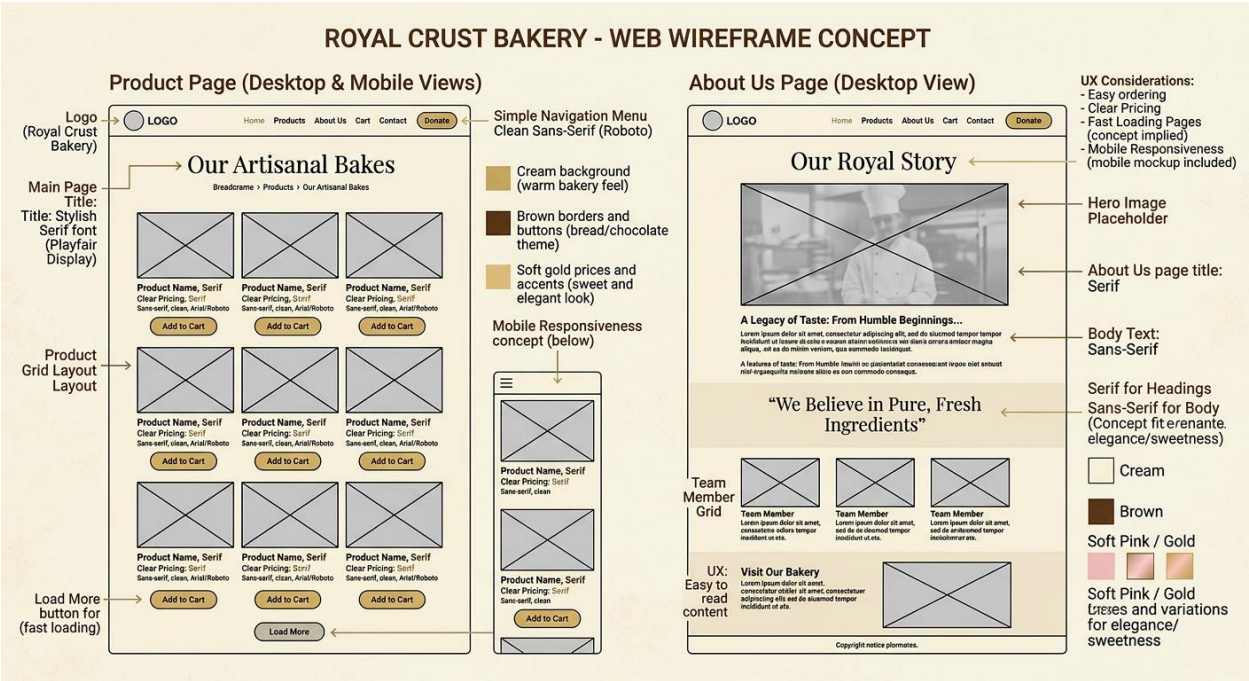

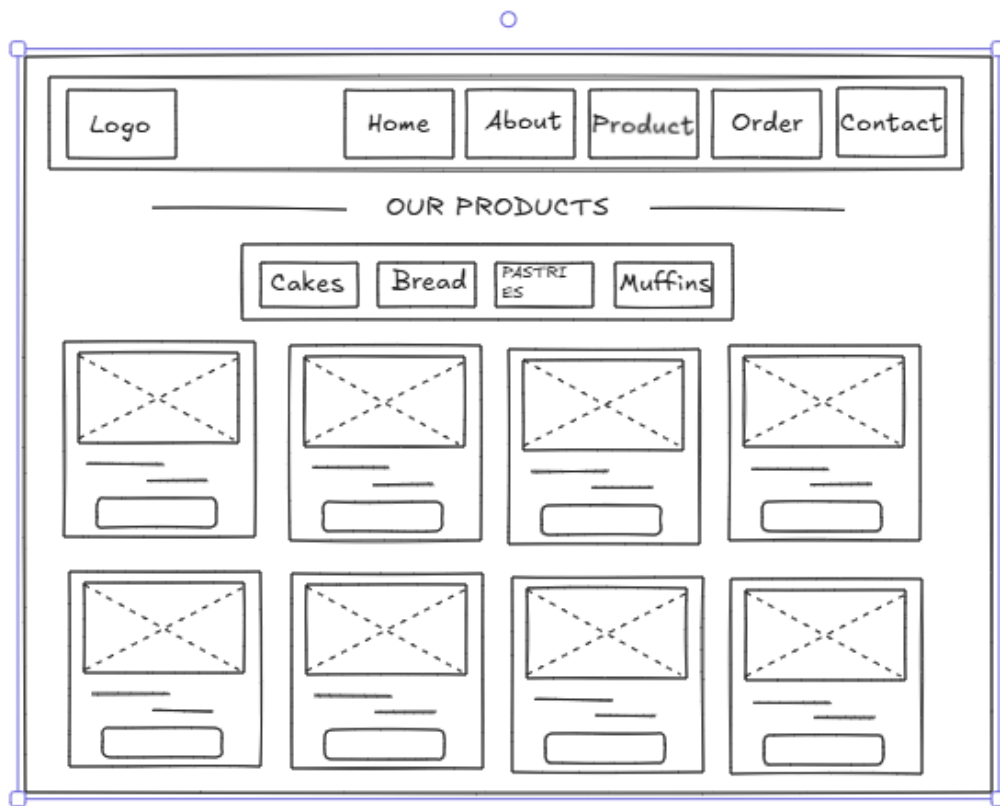

Figure 1.1: Detailed outline of how the website will look after design is completed

7. Timeline and Milestones

We were assigned a month to complete the project

- Week 1: Research and planning combined with wireframe and design
- Week 2 to 3: website development
- Week 3 to 4: Testing and improvements
- Week 4: Final submission

8. Budget

- Domain: ±R150/year/250 service

- Hosting: ±R1,200/year
- Development: ±R5,000 (once-off)
- Maintenance: ±R500/year

Total Estimated Budget: ±R6,850
